ReTrans Freight – Endorsed Service Provider for MASCPA

ReTrans Freight is a transportation management company that has delivered enterprise solutions and cost reduction strategies for over 30 years. We work with some of the most successful manufacturers of all sizes to reduce, control and manage freight costs.

Buying Power – ReTrans Freight is a top 5 partner with the freight carriers in our MASCPA program and we leverage our shared buying power to secure aggressive pricing and discounted LTL fuel surcharges in addition to industry leading liability limits.

Web-based TMS – Our web portal is your primary tool for real-time rate quotes, freight invoicing, documentation and tracking.

Vendor Routing Portal – The inbound routing portal is set up to your specification and will optimize all vendor shipments while providing visibility down to the PO level.

No Contracts:

We believe that our attention to our individual customer’s needs and the expert services we have been providing for over 30 years keeps our customers with us on average 10 + years.

Hands on Management and Customer Service:

You’ll have a dedicated account manager as well as an experienced team of customer service professionals at your service. Whether it’s the need for a specialized solution to a unique shipment, a billing issue, document image, or simply the need to track a shipment, we have you covered.

What other services does ReTrans provide that will help my company?

Professional freight bill audit and payment service, customized management reporting, and the most knowledgeable logistics staff in the industry at your disposal.

What do I need to do to see the solutions ReTrans could provide my company?

Because you are a MASCPA Member, ReTrans will perform a no cost in depth analysis of your current freight activity. Utilizing this information, we will develop a solutions based hard proposal for your consideration that specifically outlines savings opportunities, tech solutions and resources.
